

- The Best Two-in-One Combo
- Provides additional storage space in the bedroom
 - Gives easy access to bedding and pillows

Helps reduce back pain.

Easily stores bedding, pillows, and other cushions under the frame.

Effortlessly extends and closes.

Advantages and Benefits

- ✓ Attached handle helps lift the frame with minimal effort
- ✓ Frame raises horizontally or at a 45-degree angle
- ✓ Dual gas piston provides strength and stability
- ✓ Latch automatically engages when the mechanism is in the horizontal position
- ✓ Crossbar junction of the two mechanisms provides unparalleled stability, unique on the market
- ✓ Mattress holders prevent tipping

Product Number

Description

WEBKIT1010761

Lift mechanism (XULT39LM) and single bed base (XULT39BMU)

WEBKIT1010762

Lift mechanism (XULT54LM) and double bed base (XULT54BMU)

WEBKIT1010763

Lift mechanism (XULT60LM) and queen bed base (XULT60BMU)

WEBKIT1010764

Lift mechanism (XULT80LM) and king bed base (XULT80BMU)

Attached handle makes lifting the bed frame easy and effortless.

Close-up view of double piston and crossbar at a 45-degree angle.
