

# The Right Drainage Product for the Right Job!

Identifying your drainage trouble is the first step towards correcting it.

Once you have selected the right drain opener to unclog your system, the next step is to decide on a preventative maintenance product to assure that blockages do not occur again.

*Use these charts to select the correct products for your system.*

Due to the dangerous nature of these products, GLUG, CLOBBER and SIZZLE should only be used by licensed plumbers.
